New Year, New Me, New Website:  
Why a New Website?

“So, whether you eat or drink, or whatever you do, do all to the glory of God.”  
1 Corinthians 10:31

Every new year there are always fantastic resolutions made. Some of those resolutions are kept and turned into a lifestyle while others are forgotten a few months into the year. Whether our “resolutions” are kept or not everything we do should be pleasing to God. It should glorify Him. This is where our decision to change our website stemmed from.

Our old website did an okay job at communicating with the outside world but it could do better. It’s like wearing an old pair of glasses. They work but things appear fuzzy at times. This website is a new pair of glasses. It is sleek, up to date, and efficient. You may ask though, why did we need new glasses? (I mean a new website)

- Our old website was not mobile friendly, this new one is optimized for both for your viewing pleasure. Check it out on your computer, tablet, or phone!
- Our old website was not interactive. There were too many words and not enough images. Our new website is full of bright colors, drop down tabs, and more.
- Our old website was not customizable and not social media friendly. With our new website the information we want front and center is there. It helps visitors and members find information quicker and easier. Every time we upload a sermon to the website. It can upload directly to our Facebook page as well. Amazing!

We want our website to be a useful tool for everyday use, not just a resolution that fades away after six months. A website is a part of our ministry. It provides current information, what we believe, ministries, and more. We want all of our ministries to succeed and that includes our website. Thanks for checking it out!
